The Nobles will breakfast at the mammoth gateway hostelry, the Glacier Park Hotel. After breakfast speedy autos will whisk the party across the prairies of the Blackfeet Indian Reservation through the chalet village of St. Mary and on over mountain trails to the new mountain hotel, "The Many Glacier," a companion to the Glacier Park Hotel located on the shores of Lake McDermott, a situation of remarkable scenic grandeur, commanding superb views of

Grinnell and Gould mountains and the adjacent glaciers. After luncheon in the hotel the Nobles will be left to their own devices. The afternoon may be devoted to short walks to the many points of interest in the vicinity and in getting acquainted with the magnificent mountain scenery. A trip may be made if desired to Iceberg Lake, one of the curiosities of the Park. On the placid bosom of this little body of water giant icebergs float during the hottest months of midsummer. Other points of interest which may be visited are Appekunny Falls and Medicine Owl Springs.

After breakfast on the second day the party will take the autos for St. Mary Chalet village where connection is made with the speedy little steamer St. Mary for a wonderful ten-hour trip up St. Mary Lake to the chalets of Going-to-the-Sun. This ten-mile ride up St. Mary Lake will unfold to the traveler a scenic panorama of mountain and lake unequaled in America. Going-to-the-Sun Chalets occupy a picturesque situation on a rocky point jutting out into the lake. Going-to-the-Sun Mountain, nearly a mile high, towers protectingly above the village. The party will have two or three hours in which to view the scenery and will then make the return trip to Glacier Park Hotel via steamer and automobile, reaching there in time for dinner. Aleppo Temple Special will leave Glacier Park Station for Seattle at 8:30 p. m. If you are not already registered for the tour tear off this coupon at once and mail it to George E.
